 Austin, TX2211 East Cesar Chavez · 78702 ·
“Austin house”

Parking: Driveway at the door

Entry: Wide double entry

Gate code — arrange with landlord

 Every figure here is an estimate to help you decide

This is a planning copy — not a quote, and not a guarantee. Real numbers depend on an on-site survey, how much you end up packing, and when you move. We'd rather hand you an honest range than a confident wrong number, so nothing below is locked in.

What it might cost Two honest paths — your call on which fits

A long-distance move gives you a real choice: rent a truck and drive it yourself, or hand the whole thing to a full-service crew. Here’s what each path tends to run for a load this size.

Rent & drive it yourself

USUALLY LOWER COST

\$1,739–\$2,927

ESTIMATED TOTAL

Truck rental	Included
Cargo Van · one-way · ~4 days	
Fuel	Included
~1,742 mi of driving	
Packing materials	Included
boxes, tape, pads for ~484 items	
Lodging on the road	Included
3 nights	
Not in this range	–
helpers, insurance, or tolls	

Best if you've got the time, a valid license for a cargo van, and a couple of helpers at each end.

Hire a full-service mover

LEAST EFFORT

\$1,695–\$2,592

ESTIMATED TOTAL

Crew & transport	Included
2+ movers · door to door	
Loading & unloading	Included
their crew, both ends	
Packing service	–
not included – pack yourself or add it	
How it's priced	–
Based on weight and distance. Actual quotes may vary by season and provider	

Best if you'd rather not touch a box, or the heavy items and access feel like too much.

- These are rough estimates based on your inventory data. Actual costs vary by season, location, and provider. Get 3+ quotes for accurate pricing. 354 items missing weight, 220 missing dimensions. Estimates may be low. Treat these as a starting point, not a bill.

Recommended truck

WE RECOMMEND

20-ft Truck

~1,100 cu ft · up to ~7,500 lb

183 cu ft catalogued buffer for uncatalogued rooms

Your catalogue covers 3 rooms (~183 cu ft, measured items only). We sized to a 20-ft Truck so there's room for anything you haven't logged yet, plus padding and a tight, safe load. 476 items still need real weights, so a final walkthrough could shift this a size either way.

Labor & crew

EST. HOURS

~2½ hrs ~2 hrs 2-3

LOADING

UNLOADING

CREW

The 250-lb 28-bottle wine fridge and the 200-lb art installation display each need 2 people and a dolly. Add time for the 3-flight walk-up at origin; there's no elevator.

The drive

 Split into safe days with overnight stops**1,742 mi** DRIVING **4** ON THE ROAD **3** OVERNIGHTS

- San Francisco, CA → Bakersfield, CA 283 mi
- Bakersfield, CA → Kingman, AZ **NIGHT 1** 305 mi
- Kingman, AZ → Albuquerque, NM **NIGHT 2** 447 mi
- Albuquerque, NM → Amarillo, TX **NIGHT 3** 287 mi
- Amarillo, TX → Austin, TX **ARRIVE** 420 mi

- We keep days to roughly 450 miles so you're never wrestling a loaded truck exhausted. Book overnight stops ahead in busy seasons — highway-town motels fill up.

Special handling

Anyone loading the truck should read this first

250

LBS

28-Bottle Wine Fridge OVERSIZED

2 people + a dolly and straps.

200

LBS

Art installation display OVERSIZED

2 people + a dolly and straps. 80 in on the longest side — check doorways and stair turns first.

75

LBS

Art installation painting OVERSIZED

2 people to lift — no solo carries. 75 in on the longest side — check doorways and stair turns first. Fragile — pad well and load against a truck wall.
